## Local Matters.

### Sun and Tide Table.

Sun rises tomorrow at 4:48 and sets 7:24.  
High water at 9:23 a. m. and 9:53 p. m.

### Weather Probabilities.

For this section fair tonight and Wednesday; continued high temperatures; light westerly winds.

### Republican Meeting.

About fifty persons answered the call for the republican meeting at Schuler's Hall last night. Four colored men were present. Three sat near the door and while the proceedings from afar. Another mingled with the whites, but took no part in the meeting, and before the adjournment the quartette left the hall.

Shortly after 8 o'clock Mr. Frank M. Phillips, chairman of the city committee, called the assembly to order and stated that the object of the meeting was the selection of delegates to the State convention to nominate a candidate for Governor; also for the choice of delegates to a city and county convention to select a candidate for the Legislature.

On motion Mr. R. P. W. Garnett was called upon to preside and Mr. A. H. Agnew was chosen secretary.

The following delegates and alternates to the State convention were selected: First ward—Delegates, Park Agnew, W. P. Graves and Thomas H. Bayne; alternates, R. E. Grover, J. K. Swartz, and Charles A. Dean.

Second ward—Delegates, R. H. Hancock, James E. Johnston, and F. M. Phillips; alternates, Joseph B. Drew, John T. Boyd, and Fred Didsoneit.

Third ward—Delegates, J. A. Eggeborn, Paul P. Hulfish, and Joseph L. Crupper; alternates, O. P. Angelo, Worth Hulfish, and John Schwarzmann.

Fourth ward—Delegates, W. H. P. Kelly, John Mulley, and J. Frank Carlin; alternates, Frank T. Evans, A. H. Agnew, and Louis Chessman.

The following were then chosen delegates and alternates to the legislative convention:

First ward—Delegates, Herbert C. Graves, C. M. Hancock, and J. Lee Lash; alternates, Benjamin Greenwood, J. H. Naylor, and R. E. Grover.

Second ward—Delegates, John T. Boyd, Harry Bales, and F. M. Phillips; alternates, S. H. Forrest, Edward Hughes, and Martin Quinn.

Third ward—Delegates, J. A. Eggeborn, Paul P. Hulfish, and Joseph L. Crupper; alternates, O. P. Angelo, Worth Hulfish, and John Schwarzmann.

Fourth ward—T. F. Kelly, R. P. W. Garnett, and John Devitt; alternates, Frank T. Quinn, S. R. Wade, and John M. Young.

Subsequently resolutions were adopted extending a hearty welcome to Alexandria to Mr. L. P. Summers, the newly-appointed Collector of Internal Revenue for this district, in which he was referred to in complimentary terms; endorsing Judge L. L. Lewis for Governor; expressive of esteem for Mr. Campbell Sloop, Congressman from the Ninth district of Virginia; commending the efforts of Mr. C. Bascom Sloop, the present republican State chairman, and pledging his individual support, and endorsing President Roosevelt's policy.

During the meeting speeches were made by Messrs L. P. Summers, W. E. King, of Bluemont, and Robert W. Blair, of Wytheville. Each of the speakers attempted to make issues out of the troubles which have recently occurred in the educational department of the State.

Mr. Summers's speech was spirited. Among other things he said that he saw before him enough able white men to make Alexandria a republican city, and he warned the democrats that they must walk in the paths of rectitude or be put out of office. Mr. Summers discussed State issues at some length, and said: "There is no longer any reason why any white man in the State of Virginia should not vote with the republican party," inferring that race prejudice is no longer a question in Virginia politics. He then turned his attention to local affairs, and said that if there were two strong parties in Alexandria it would result in good government, no matter which side happened to be in, and there would be no grass growing in the streets nor no necessity for grand juries to investigate any branch of the city government.

Mr. Summers was followed by Mr. King who assailed the recent State convention and dwelt upon the fact that men who fail to pay their taxes are not permitted to vote under the present regime. He repeated substantially what was said at reconstruction meetings in Alexandria over a third of a century ago—that it was the purpose of some in Virginia to form an oligarchy in the State and run the government by aristocrats, cutting away from a certain class altogether.

Mr. King was followed by Mr. Blair, who spoke earnestly for a short time in advocacy of republican propositions. The meeting was on the lively-white basis. The colored voters, but always implied that they were but the tail to the republican kite, saying that as the whites were in the majority, it was but natural for them to insist upon being the leaders.

The meeting adjourned about ten o'clock. It is understood that Mr. J. B. Henderson, of Alexandria county, will be the republican candidate for the Legislature.

It is rumored today that the new managers of the party in this city let it be generally known yesterday that the colored voters were not expected to attend the meeting—indeed that they were not wanted.

### Unlicensed Dogs.

During the past week only a few licenses have been issued to keep dogs. Last year there was a decrease of six per cent. in the number issued as compared with two previous years, although it was well known that as many, if not more, dogs were in the city than ever before. Lists are prepared of the names of dog owners and handed to the Mayor who delivers them to the police force with instructions. The names have been arranged by the Auditor in alphabetical order as to the owners, and when printed will be turned over to the authorities. It is certainly obvious that many persons deliberately try to evade the payment of this tax, and when reported make all manner of excuses. If found, as the law requires, less would be heard of this license dodging.

## The Hot Wave.

The heat yesterday was intense, and toward the close of the day the light breeze which had prevailed at times ceased altogether, and the atmosphere became still more oppressive. As night set in the sultriness was intense. A dead calm prevailed, and it was hot everywhere. Sleep was impossible for many under the prevailing conditions, and they left their beds this morning far from being refreshed. As the sun rose the rattling of locusts and a clear sky portended another hot day. The Weather Bureau last night announced that there was no prospect, for several days at least, of a let-up in the extreme heat. The entire country, from the Mississippi Valley eastward to northern New England and the Florida coast, is sweltering under the torrid wave.

At noon yesterday the mercury registered 90°, but by 3 o'clock in the evening it had mounted the 94° mark, where it remained for some time. The night was the hottest of the season. At 8 o'clock this morning the mercury registered 82°, by noon it had passed the mark, and at 3 o'clock it had gotten back to 94° again.

## Baseball.

### STANDING OF THE CLUBS.

Club	W	L	Pct
Invincible	3	0	100
Old Dominion	2	1	66.7
Del Ray	2	2	50
Virginia	1	2	33.3
Potomac	1	4	20

The Del Rays and the Old Dominions crossed bats on the fair grounds yesterday evening and played a good game of baseball. In the fifth inning an argument occurred between the two teams, Birrell having lost his head and threw the ball into the crowd. The following was the score: Old Dominions, 11; Del Ray, 10. Ropes should be stretched on the foul lines and the crowd kept back of them. There is too much interference with the players, as in yesterday's game an attempt was made to trip the catcher of the Del Ray team. What the league should have is good, clean ball playing.

A good game of ball is expected to be played tomorrow evening between the Virginians and Potomacs on the old fair grounds at 5:30 o'clock sharp. The bat-grounds will be as follows: Virginians, Gorman and Tenneson, Potomacs Davis, and Sutherland.

### Held for Grand Jury.

At the conclusion of the coroner's inquest held in Washington yesterday over the body of William Crowley, colored, a former fireman on the steamer Estelle Randall, who either fell or sprang overboard Friday night and was drowned, the jury returned a verdict recommending that Capt. Harry S. Randall be held for the action of the grand jury. Capt. Randall, who has been in custody of the police since his rest on Saturday morning in this city, yesterday evening gave \$5,000 bond for his appearance. His sureties were John Fitzmorris and John H. Lippard. It is alleged that Crowley, who could not swim, either fell or jumped into the river while being pursued by Captain Randall, who, it is claimed, sought to punish him. When the case comes up for trial Captain Randall will be represented by Attorney William Earl Ambrose. Assistant District Attorney Turner, who represented the United States at the inquest, yesterday evening intimated that manslaughter would be the charge against Randall.

## Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning: James Minor, colored, arrested by Officer Nicholson charged with vagrancy, was discharged with an admonition. John Carter, arrested by Officer Lyles charged with non-support of his family, was dismissed, the plaintiff failing to appear.

George Green, Nellie Jackson and Daisy Lee, all colored, arrested by Officer Bell charged with disorderly conduct and fighting, were fined \$5 each. Edward Cogswell, colored, arrested by Officers Lyles and Allen charged with disorderly conduct, was fined \$5. H. V. Kelly, arrested by Officers Beach, Allen and Lyles charged with selling liquor on Sunday and without a license, was fined \$50 and 60 days in jail.

### Enforcing the Vagrant Law.

Among the cases brought before the Police Court this morning was that of a colored individual named James Nicholson, who had been arrested by Officer Nicholson under the vagrant act. Minor was charged with loitering on corners on north Fairfax street with no visible means of support. The accused in his defense asserted that he worked occasionally. Justice Caton dismissed him with an admonition to the effect that he must cease to stand on corners whether he worked or not, and should be found at such places in future the law would be enforced. This is a movement in the proper direction, and it is suggested that the police "make no discrimination in color, race or previous condition of servitude."

### A Curiosity.

Mr. L. E. Harper has returned from Fort St. Michael, Alaska. He brought with him a souvenir of the far northwest in the shape of a walrus tooth, upon which is carved an Eskimo hunting walrus. The tooth has been made to resemble one of these aquatic monsters, while upon the flattened surface the numbers and pegs are arranged for a game of cribbage. The curiosity is on exhibition at Mr. F. H. Harper's cigar store, on upper King street.

### W. C. T. U.

The temperance prayer meeting will be held tonight at the Children's Home, the change of day being made because of the entertainment this week. In the future the meetings will be held on Thursday.

The committee having the ice cream festival in charge will meet tonight at the Children's Home at 7:30 o'clock.

### Greatly in Demand.

Nothing is more in demand than a medicine which meets modern requirements for a blood and system cleanser, such as Dr. King's New Life Pills. They are just what you need to cure stomach and liver troubles. Try them. At E. S. Leadbeater & Sons' drug store, 25c, guaranteed.

## Personal.

Miss Lila Carter and her mother are visiting Mrs. Mary B. Turner at The Plain, where they will remain during the remainder of the summer.

Col. and Mrs. L. W. Reid left this evening for Basic City to spend the summer.

Miss Crump, of Norfolk, who has been visiting in this city, left for her home yesterday evening, much to the regret of many of her Alexandria friends.

Mr. and Mrs. Charles Hunt and little son Claude, of St. Louis, and Miss Anna Wrenn, of Lynchburg, are visiting Mrs. Thomas Pullman.

Mrs. C. J. W. Summers and family have gone to Madison, Dorchester county, Md. Miss Hazel Mason is visiting Misses Lena and Nellie at their home in Fairfax.

Mr. and Mrs. John McKenna have returned from a visit to Boston.

## Severe Shock.

Mr. William Power, of this city, an employee of the Hydraulic Brick Company, received a severe electric shock and had one of his hands painfully burned in the telegraph office of the electric railway at Arlington Junction yesterday. An employee of the road had attached a wire to a cent and placed the same upon a table for the purpose of playing a practical joke upon some boys who had been annoying him. Mr. Power later entered the office and sat down by the table, and in doing so inadvertently placed his hand upon the cent. He received a terrible shock which knocked him over, and the hand which came in contact with the coin was painfully burned.

## Fined Fifty Dollars.

The case of H. V. Kelly, who was arrested last week by Officers Beach, Allen and Lyles, on the charge of selling beer on Sunday and without a license, came up in the Police Court this morning. The accused was represented by Mr. L. H. Machen and Mr. S. G. Brent, Commonwealth's Attorney, conducted the prosecution. Kelly was fined \$50 and sent to jail for sixty days.

Mr. Kelly took an appeal and was released on bail. Mr. Fred Kicherer becoming his surety.

## New Ice Houses.

It is reported that Armour & Co. will soon do away with their ice houses just west of the Southern Railway yards and will build larger and better buildings on the new railroad line just northwest of this city where cars containing fruits and vegetables from the South will be re-iced.

## LOCAL BREVITIES.

Frederick, the infant son of Mr. F. P. and Mrs. Ruth E. Abendschein, died in Washington yesterday.

There was a well-attended meeting of Perseverance Tent of Rechabites last night. Seven new members were initiated.

Justice Caton this morning ordered all persons who were not witnesses to retire from the Police Court room. This action was deemed necessary by reason of the stifling heat.

Employees of the B. & O. Smith Fireproof Construction Company, of Washington, were in this city today making plans and estimates for remodeling the office of the Clerk of the Courts.

The new schedule of the electric railway which went into effect this week, it is said, proving very satisfactory to the traveling public.

Pipe crabs at the Hotel Appleh Saloon tonight; crabs deliciously cooked. All invited. Soft Crabs and Deviled Crabs fresh every day. C. H. Zimmerman, Market Space.

A fire of incendiary origin started in the stables of Richards & Gaston, contractors, at Raritan, N. J., at noon, today. The flames spread to five other stables, a dwelling house the St. Bernadine parochial school, and American & Nigger's grocery on Main street. The volunteer fire department of Somerville and Bound Brook were called upon for assistance. The loss is estimated at \$28,000.

Frederick E. Carlton, under arrest in Brooklyn, charged with swindling of M. Schaub, former shipmate, out of \$700, was indicted for that offense today by the grand jury. The case was postponed for two weeks. He gave no indication that the terrible suspension that he murdered his two wives caused him any worry.
